## STUDENT WORKSHEET

## Help the Environment

Name: \_\_\_\_\_ Date: \_\_\_\_\_

1. The earth has an unlimited amount of fossil fuels and humans are using them very slowly. (True or False?) \_\_\_\_\_
2. Renewable energy sources are sometimes called “green \_\_\_\_\_” because they help keep \_\_\_\_\_.
3. The greenhouse effect is caused by gases acting like a thin layer that keeps heat from the sun inside our \_\_\_\_\_.

4. How do trees help our environment?

---

---

---

5. Recycling helps the environment by reducing trash, saving space in our landfills, and saving energy. List three common items that you can recycle.

---

---

6. Draw a picture demonstrating a way that you can reduce waste and reuse items. (Use the back of this worksheet to draw your picture.)
