## STUDENT WORKSHEET

## Gas Pipeline Safety

Name: \_\_\_\_\_ Date: \_\_\_\_\_

1. Why is it important to call your Utility Locator Service at 811 before starting a major digging project?

---

---

---

2. List five signs of an outdoor gas pipeline leak.

- 1. \_\_\_\_\_
- 2. \_\_\_\_\_
- 3. \_\_\_\_\_
- 4. \_\_\_\_\_
- 5. \_\_\_\_\_

3. List two things you should do and two things you should not do if you suspect an outdoor gas pipeline leak.

---

---

4. If you see a colored flag stuck in the ground while you are out playing, you should

- a) call your utility to report it
- b) use it in your play
- c) leave it alone
- d) take it inside to show your parents

5. Which of the following is unsafe to do to your home's gas meter?

- a) climb on it
- b) tie your pet's leash to it
- c) cover it with a tarp
- d) all of the above

6. Choose a natural gas safety tip. Make a poster that explains this tip to display at home or in your classroom.
